A Thousand Frate Men After a Negro In Florida.

## HIS CRIME ATROCIOUS

Fine Weather at the Confederate Reunion—President McKinley Cheered in Ohio—Another Bank Robbery.

## NON-UNION WOMEN ATTACKED IN N. J.

**WILL BE BURNED ALIVE.**  
Bartow, Fla., May 29.—A thousand men with bloodhounds are chasing a negro who raped, murdered and mutilated the body of Mrs. Rose Taggart last night. The infuriated men openly declare they will burn the fero at the stake when he is caught.

## FINE REUNION WEATHER.

Memphis, May 29.—Fine weather marks the second day of the Confederate reunion. All events, including the flower parade, will be given today, as per schedule. The morning was consumed by the veterans in reading and receiving reports. Dallas is making a hard fight for the next reunion. The vote will be taken at 4 this afternoon.

Hundreds of people are leaving Memphis on every train, and cots in attics have been rented for a dollar apiece. Scores of ladies have had to sit up in the hotels because everything is crowded. On the Illinois Central train which arrived at 1:30 this morning three extra coaches had to be put on at Memphis, and then scores of passengers had to stand up all the way home.

## FATAL EXPLOSION.

Boonville, Mo., May 29.—An explosion on the freight boat Laurine here today wrecked the boat and killed two of the crew, wrecked a ferry-boat and demolished two residences nearby.

## ANOTHER BANK ROBBERY.

Bradner, O., May 29.—The Mechanics' bank was wrecked last night by an explosion and the vault robbed of four thousand dollars, the robbers escaping.

## PRESIDENT CHEERED.

Canton, O., May 29.—President McKinley was cheered at all stations in Ohio today by large crowds. He made a brief stop here before going to Washington. Mrs. McKinley is better.

## M'CRACKEN CASES DECIDED.

Frankfort, May 29.—The court of appeals today decided the following from McCracken: Paducah Street Railway Co. against Boss Ledsinger, affirmed. He was given a judgment for \$200 for injuries received by being thrown from a wagon near the old union depot by it striking a car track, and having a knee cap broken. The case of Hale against Swift was reversed. It was a judgment for a piece of land in the county.

## BUTTED TO DEATH.

Hodgenville, May 29.—At Hammondsville, T. Aboling, a wealthy farmer and distiller, was butted to death by a vicious ram.

## WOMEN TAKE A HAND.

Prasctic, N. J., May 29.—Three thousand girl strikers created a riot here and handled several non-union women roughly at Warden's handkerchief factory. The police had to be called to disperse the rioters.

## MEET TONIGHT.

MAYOR LANG WILL ATTEND THE CONFERENCE AT PRESIDENT ROBERTSON'S.

Mayor Lang, who is an ex-officio member of the board of health, as well as of all council committees, stated this morning that he will attend the meeting of the board, and the council and Commercial club committees in President Robertson's office over Robertson's drug store this evening.

Nothing can be predicted as to the outcome, except that the committee will probably agree to recommend to the council the appointment of the meat and milk inspector. One of the councilmen said this morning that he was in favor of the inspectors and that so far as he knew the other members were also, but that the board of health had simply been a little hasty and adopted the wrong means of hurrying the council up.

## A GOOD TIME.

MARSHAL COLLINS ON A HOT TRAIL TODAY.

Witnesses Examined in Regard to a Midnight Carousal Near Town.

Marshal Collins looked like a man with something important on his mind this morning when a reporter called on him. "Yes," he said, "we are busy. Here we have the names of four or five young men who seem to believe in enjoying life to its fullest extent." He then told how the young men went out night before last with several females to a creek above the city. On the way eighteen or more fat fowls disappeared from Mrs. Allen's, on Broad street, and a woman with the crowd who was summoned as a witness this morning said the young men had chickens to fry, if not to burn, when they reached the creek.

The chicken fry was supplemented with an attack on two gallons of white key, and the crowd is reported to have remained out all night. The only thing that caused any particular trouble was the failure of the chickens that accompanied the crowd to return home. Eighteen chickens cannot be raised in a day, it is alleged, and the lady who raised them objects to being deprived of their possessions without even a vote of thanks. Marshall Collins declined to give names until warrants are issued.

## TROUBLE IN COURT.

London, Ky., May 29.—Serious trouble was narrowly averted in the circuit court room here at noon today when court adjourned. Judge Webb has been on trial for the murder of Charles Hall, of Clay county. The Hall brothers attacked lawyer Kash for a statement he made to the jury, and pistols were drawn by friends of both sides, but the men were parted. This afternoon the judge ordered the court room searched for shooting irons.

## MEET TONIGHT

General Manager Wallace Has Returned From Texas.

## EARLY AGREEMENT LIKELY

This Evening a Meeting Will Be Held With the Committee to Settle Street Car Trouble.

## NO FORMAL STEPS TAKEN YET.

General Manager George C. Wallace, of the Paducah Street Railway company, arrived this morning from Texas, and one of the committeemen from the Central Labor union called on him at his office on Fourth street and asked a conference with the arbitration committee from the Federation, which is composed of Messrs. Wm. Hoffman, of the Tanners' union; D. W. Farrow, of the Painters' union; M. A. Bouysson, of the Machinists' union; F. G. Davis, of the Plumbers' union, and Sam Simon, of the Leather Workers.

Mr. Wallace designated 7 o'clock this evening as the time for holding the conference. He was seen by a reporter a short time after he had seen the gentlemen from the labor union and said: "The matter has not yet been put formally before me, but tonight at 7 o'clock we will hold a meeting and doubtless settle it. While, as I say, it has not been formally presented to me, I do not think that there will be any difficulty in reaching an amicable agreement."

This is thought to mean that all the motions will be reinstated. It seems that nothing but unconditional reinstatement to their old positions will be accepted by the motormen. One said this morning: "We were offered reinstatement last night, but would have had to be worked as they wanted to work us, which would practically mean that we might not work at all. We want our old positions back, and have agreed to the retention of Motormen Collins and Hanley, who did not join the union, but who are old men. I think we will settle it in a friendly way."

It seems to be the general opinion that the trouble will all be over by morning.

## NEW TRIAL.

JAMES GREER GETS A REHEARING AT BENTON FOR MURDER.

He Was Given a Life Sentence for the Death of John Thomas.

James Greer, of Marshall county, who was recently tried at Benton on a charge of murder and given a life sentence, is to get a new trial. The court of appeals at Frankfort today reversed the sentence of the circuit court and remanded the case for a rehearing.

Greer, with his two brothers, it will be remembered, forced John Thomas, colored, into a wagon as they were returning from Paducah, and made him drink large quantities of whiskey, finally shooting at him and beating him into insensibility, and leaving him hanging over a fence, dead.

**WANTED**—A good colored girl for general housework for family of two. Apply Tuesday morning at 10 o'clock at 414 North Fifth street. 22mtf

## TOBACCO MARKET.

LOCAL SALES TODAY WERE QUITE GOOD—MARKET EASIER.

The tobacco market as a whole today was easier than that of last week. J. W. Farmer & Co. report the following:

Offerings, 101 hogsheds. Leaf brought from \$5.50 to \$8.30. Lugs sold from \$4.40 to \$5.50. The market was good on the grade of tobacco offered.

The Western District Warehouse Co. report no change in the market. The following is the report of this firm:

Offerings, 104 hogsheds. Common to medium leaf sold from \$4.50 to \$7.50. Medium to good leaf brought from \$7.50 to \$10.

No fine leaf was offered. Lugs sold from \$4.35 to \$4.75. The market was barely steady. Good attendance from out of the city.

Gilbert & Co. offered 23 hogsheds. The range of prices on leaf was from \$6 to \$8.50. Lugs, \$4.40 to \$5.

The market was reported easy and not as good as that of last week. There was good attendance of out of town buyers at all the sales.

## RAILROAD NOTES.

DISPATCHER ALVEY TO TAKE A TRIP TO CALIFORNIA.

Local Improvements and Matters of General Interest to the Public.

Dispatcher J. B. Alvey, of the Illinois Central, leaves Monday for San Francisco, Cal., to attend the fourteenth annual convention of railway train dispatchers which meets in that place and lasts several days. Mr. Alvey, accompanied by Dispatcher Wadsworth, of Louisville, will join a party at Chicago and make the trip via New Orleans, coming back by a Northern route. It will be a most delightful trip, and Mr. Alvey expects to be absent about three weeks. It has not been decided who will fill his place during his absence.

Supervisor W. C. Waggoner, of Central City, was in the city today. Major George C. Powell, of Chicago, industrial commissioner of the Illinois Central, was in the city today.

Roadmaster L. A. Downs returned to Louisville this morning. A long distance telephone has been put in the local I. C. depot. It has long been needed and the traveling public will be benefited by it.

The monogram at the master mechanic's office has been about completed. All that remains to be done is to put the initials of the company and the bed will be finished. There will probably be another monogram made in the local shop yards. The master car builder will probably have one made near his office. They add greatly to the beauty of the car.

COUPLE MARRIED IN A CAB BY LAMP LIGHT.

Mr. Fred H. Pruess, the well known engineer, and Miss Minnie McLaughlin, of the county, were married Monday night at 9:30 by Justice Shehan in a cab in the middle of Sixth street, between Elizabeth and Broad. The marriage license were procured in the afternoon late and the inclement weather did not prevent the ceremony. The young people procured a cab and drove to the residence of the magistrate and summoned him to the door. They made known their desire and he went back into the house, procured a lamp, and returned to the carriage. He set the lamp in one end of the cab and then performed the ceremony. It was one of the most unique marriages performed in some time.

Mr. Pruess lives at 613 Ohio street and is well known in this city. Miss McLaughlin is the daughter of Mr. Jim McLaughlin, of the county, but has made her home with the family of Mr. Pruess for some time. Both are well known and highly respected young people.

## TEXAS FIELDS

Mr. George C. Wallace Tells Something of the Situation.

## THREE WELLS BEING BORED

The Wisdom Heirs Have Declined to Set Any Price On Their Lands, But May Dispose of Some of Them Shortly.

## MR. WALLACE TO RETURN TO TEXAS.

Mr. George C. Wallace, who returned this morning from Texas, said to a reporter that the excitement in the oil fields is abating to some extent. The speculation in wild-cat companies is rapidly disappearing and most of the speculation is now concentrating on promising real estate.

The great difficulty is in getting pipe. Many companies have been waiting on it for weeks, and Mr. Wallace stated that boring on his well would have begun sometime ago but for the delay in getting pipe. There are now three derricks on the Wisdom lands, and the work of boring wells will begin in a week or ten days. In regard to the reports about the prices offered for the lands, Mr. Wallace said: "We have declined some very good offers, but have not fixed any price. We may dispose of some of the land in a short time, but cannot

tell yet. We are very much encouraged with our prospects."

Mr. Branton, of Lexington, and Dr. Cave of the city, are still in Texas, and Mr. Wallace will return in a few days. He will remain during the progress of the operations for oil. He stated that the report that \$650,000 had been offered for their lands was much exaggerated.

## MORNING ELOPEMENT.

MR. GILBERT YOUNG AND MISS LILLIE DUNBAR MARRIED THIS FORENOON.

Mr. Gilbert Young, the youthful son of Mr. John Young, the well known I. C. carpenter, of Jackson street, and Miss Lillie Dunbar, the daughter of Mr. William W. Dunbar, of 822 Jackson street, an employee of the Weak Bros' Wholesale Grocery Co., eloped to Metropolis this morning to get married. They have not yet attained their majority and the marriage will come as a surprise to all their acquaintances.

The young man is employed at the Calver cigar factory. The young people have been going together for some time. They will return to the city on the afternoon boat and will probably reside at the residence of the groom's father.

Mr. Robert Moss, of South Sixth street, and Miss Lula Mae Wilford, of Mayfield, eloped to Metropolis yesterday morning and married. Mr. Moss is a bar tender at the End Quarles saloon on Broad street, and is well known in this city. Miss Wilford is very popular in her native city.

## A DAILY THOUGHT.

"In this life there is no time to repent, only time to do one's work and reneat if one's efforts which have failed. The latter may be the greater nobility."

If scarce heads made big items, Paducah would be one of the best towns in the country for news.

Turkey has taken back water. The order prohibiting the importation of typewriters has been rescinded because of the protests of foreign embassies.

The most favorable thing that has yet happened to Senator McLauren, of South Carolina, is that Mr. W. J. Bryan has endorsed Tillman.

Tonight the board of health and council committee will look horns on the meat inspector question. It is hoped no coroner's inquest will be necessitated.

It is claimed that Germany's withdrawal from China was the result of diplomacy on part of Russia and that this practically settles the Chinese matter.

Lonville seems certain of getting the next Confederate reunion. The festivities last year were marred by incessant rain, and as Kentucky did not have a fair chance to show her hospitality it is only just that she should be given another opportunity.

The Elks fair at Henderson is now in full blast, with indications of a successful week. The "girl with auburn hair" will probably not want to leave Kentucky next week when her contract calls her elsewhere. She has had a very pleasant time, and we all hate to have her emigrate.

The Chinaman seems to prosper in the United States. Those who are not eating money washing shirts are winning medals in college. The other day Charles Yum Marshall won the Founder's medal for oratory in Vanderbilt university over three Americans.

Some idea of the number of persons after government positions may be had from the report of the chief examiner of the civil service commission, which shows that during the year ending June 30, 1900, 45,641 persons took the civil service examinations for original appointments to the classified service. There were 469 different kinds of examinations.

The city should construct a band stand somewhere in a convenient location and accept the offer of Dean's band to give free concerts. The band is better than ever before, and the cost of a stand would be small. The only thing that deprives the citizens of enjoying good music is the lack of enterprise on part of the council in failing to provide a band stand.

It is said on good authority that the iron furnace on South Third street will be in operation within sixty days. It has not yet been determined who will operate it, but if the St. Louis syndicate which recently purchased the Hillman furnaces above here, and are now trying to get the Grand River property in shape to close a deal, do not operate it, other capitalists will. This was predicted in the Sun two or three months ago, and is certain to come to pass. It will be a great thing for Paducah, and will give an appreciable impetus to her industrial enterprise.

It is claimed by some legal authorities that the decision that the statute prescribing a special penalty for violation of the Sabbath by keeping saloons open is unconstitutional, leaves Kentucky without any law for Sabbath violation. The general statute excepts several vocations, which it is claimed renders it unconstitutional for the same reasons that the Louisville judge decides the special statute is unconstitutional—that is, it discriminates by prescribing a penalty that does not apply to all alike.

It seems that like the mantle of charity this "class legislation" business covers a multitude of sins. Courts in their efforts to prevent discrimination between classes, seem to overlook the important fact that for these general welfare of a community, its health, morals or protection to property, police regulations have been authorized which in many instances wipe out class legislation, and make most any restriction possible which tends to promote the general welfare, the health or the morals of a

city or community. Lawyers and courts, however, seem to differ as to the real meaning in law, of "class legislation." Some hold that class legislation is legislation that discriminates against one class of the people who are engaged in the same kind of business under the same conditions; others that it means one law must apply to one and all classes alike—the butcher, the baker and candle stick maker, the saloon man and lawyer, the preacher, and everyone else. Under the first construction it is held that such laws are designed to prevent a party or clique in power from shutting out competition in a certain business by making a law that would injure one man's business and help that of another. For example, if the council should pass a law that all saloon keepers in the ward who kept their places of business open on Sunday, should be fined \$30, and those in the business portion of town be fined only \$10, for the purpose of diverting Sunday business to the down town saloons, it would be class legislation, because it would subject one class of saloon keepers to a heavier penalty than another.

Under the other contention, no law is constitutional which prescribes a greater penalty for one class than another. No matter what the moral effect on a community according to this theory, a map who sells whiskey on Sunday should be fined no more than one who sells a sack of flour or a bolt of domestic.

Thus we have it. One court decides one way, and is reversed by another. The laws are juggled about until it is impossible to predict where it will all end. It is claimed by many that if the law stipulating a greater fine for selling whiskey on Sunday than for selling clothing is unconstitutional, the law requiring a greater license for selling whiskey than for selling clothing, is also unconstitutional.

At present, however, the expressions provoked by the recent Louisville decision, are only opinions.

## NO PROVOCATION.

MR. WALTER SMITH STRUCK BY A NEGRO EMPLOYEE YESTERDAY.

Mr. Walter Smith, son of Mr. E. W. Smith, of Eighth and Madison streets, was struck in the head with a brick yesterday by a colored employee of his father's tobacco factory. The wound is on the right side of the head and is quite serious. The act was done with the least provocation. Dr. Brooks dressed the injury. No arrest has yet been made.

## DEAL CLOSED.

THE CITY'S NEW TRUCK AND AERIAL LADDER TO ARRIVE SOON.

Last evening the deal for the new aerial ladder and truck, and the truck for the South Side fire station, was closed by Mayor Lang and the committee, and a telegram was received from the company at Providence, R. I., saying that the apparatus would be shipped inside of ten days.

The price paid for both was \$1,500 and the old fire engine, which is considered an excellent trade, as the machines cost \$3,000. The original proposition submitted to the city was for \$3,500 and the old engine.

## SEWER PERMITS.

THE WORK OF CLEANING THE SEWERS WILL REQUIRE TWO WEEKS LONGER.

Sewerage Inspector George A. Gander this morning stated that the work of cleaning the sewers would require two weeks longer. The pipes are being given a thorough cleaning.

This month there have thus far been issued eight plumbing and two yard sewer permits. This is quite a reduction in the usual number.

## WENT BACK TO ST. LOUIS.

Mr. L. G. Woodward, who was in the city Saturday looking for his wife, has returned to St. Louis, and it is understood that if he found her he did not induce her to return with him.

The body of a child found in a cistern near Metropolis turned out to be a cat.

This condition of not-quite health can be turned into health with Scott's emulsion of cod-liver oil.

It is a pity to get in the habit of thinking of health as a thing to be hoped for; why not go for it now!

Some steamboat captains and owners of cats are peculiarly sensitive in regard to the notice of their boats in the river columns of the daily papers. If they are not constantly noticed with good "write-ups" of their business they make a general kick, strike out for the office ordering their ads withdrawn at once, if not sooner. We endeavor to please all, but it is an impossibility to please some persons all the time, no matter how hard we may try.

The contract for the building of the lighthouse tender for the Sixteenth district, which has its headquarters at Memphis, had not been let out up to May 22. It is to be known as the Oleander, and congress appropriated \$60,000 for its construction. The bids for the work were opened in Washington on April 24. River men are of the opinion that it will be next to impossible to build and supply the boat with the numerous different plants for which the specifications call for. Among them is an ice-making plant.

A Cincinnati special of the 28th says: A bolt of lightning struck the stern flag staff of the harbor boat Reelfoot, and the electric light wires attached to the signal globe at the top were melted. Engineer Charles Cox, who had his hand on the metal switch at the moment of contact, was severely shocked, and Capt. Brad Williams, who was holding the metal rounds of the pilot wheel, was momentarily paralyzed.

THE ERSTWHILE YOUNG ADJUTANT AGAIN IN JAIL.

An Alexandria telegram states that Percy Sullivan, alias Edward J. Busbame, pleaded guilty to obtaining money by false pretenses and was sent to jail for ninety days. The telegram states that there were three counts against him, and that he was fined \$100 for each offense. The charge was obtaining money on fraudulent insurance policies.

Sullivan is well known in Paducah, where he was once popular as an adjutant in the Third Kentucky regiment during the encampment. He is also well known in Bowling Green, where he was a prominent figure in society. It is said that the authorities of Arkansas are after him for offenses committed in Lee county.

Thomas Maple, Birkbeck, Ill., writes: "I had a very bad case of kidney trouble and my back pained me so I could not straighten up. The doctor's treatment did me no good. Saw FOLEY'S KIDNEY CURE advertised and took one bottle which cured me and I have not been affected since. I gladly recommend this remedy."

MR. G. M. OEHLISCHLAGER PRESENTED WITH A TOKEN BY THE KNIGHTS TEMPLAR.

Mr. G. M. Oehlschlaeger, Sr., who recently declined another term as treasurer of the Knights Templar, after thirty years service, was last night presented by the Commandery with a handsome gold-headed cane in recognition of his excellent services. After the meeting, Mr. Oehlschlaeger entertained the members with a lunch at Stutz's, which proved most enjoyable.

Miss Mamie Smith, Middleboro, Ky., writes: "My little sister had the croup very bad. I gave her several doses of FOLEY'S HONEY AND TAR and she was instantly relieved. It saved her life."

## TO CLOSE EARLY.

The local bookstores have reached an agreement to close every night excepting Saturdays, at 8 o'clock. The new arrangement will go into effect June 1. Heretofore the bookstores have been the only stores open after that time, excepting drug stores and the fruit stands, and it is not probable that an agreement between the latter will ever be effected.

Mr. F. D. Arnold, Arnold, Ia., writes: He was troubled with kidney disease about three years. Had to get up several times during the night but three bottles of FOLEY'S KIDNEY CURE effected a complete cure. He feels better than he ever did and recommends it to his friends.

## OPENING BALL AT

OREAL SPRINGS.

Invitations are being received in this city to the annual opening ball which takes place Friday, June 7th. To those who have annually attended the delightful balls given at the Ozark Hotel, Oreal Springs, anything we might say in the interest of the past entertainments held for the pleasure and edification of its patrons would be useless, as the entertainments given by the popular proprietor of this resort at the opening of each season has the usual endorsement of all who have in the past attended. There are doubtless many who have not received invitations, as it is impossible to memorize everybody, but all good citizens of Paducah are cordially invited. This being the seventh annual opening ball of the Ozark Hotel the proprietor, Mr. Stanley, desires and intends to eclipse all previous events. The Illinois Central gives a rate of \$1 the round trip, leaving Paducah at 12:15 p. m. and 6:15 p. m., returning at 3:30 immediately after the ball, or J. p. m. Saturday.

## WENT TO OWEN'S CAVE.

Quite a crowd left this morning on the Wabash for Owen's Cave, to spend the day. It was the first outing of the year, and the weather was a little too cool for a great many to go. An enjoyable time will nevertheless be spent.

"I had a running sore on my breast for over a year," says Henry R. Richards of Wilkesville, N. Y., "and tried a great many remedies, but got no relief until I used BANNER SALVE. After using one-half box, I was perfectly cured. I cannot recommend it too highly."

MANY PEOPLE SAID TO BE UNABLE TO SECURE ACCOMMODATIONS.

It is reported from Memphis that there are about 150,000 visitors there to attend the Confederate reunion with no accommodations for a large percent of them. Last night a gentleman came in who said he was forced to come to Paducah to get a night's rest. No board or lodging can be obtained at private residences, owing to the fact that those who are not entertaining guests have already disposed of their accommodations. Memphis is one of the most hospitable cities in America, but it seems the present crowd is a little too large for her.

The gentleman mentioned above stated that he succeeded in getting a cot at one place, but a man and his wife arrived and being unable to find a place to sleep he turned it over to them.

## Observations ....at Random

A new method of disposing of one's overcoat can hardly be commended, but it seems in some respects to have its advantages over placing the garment "in soak" for the summer. It is said that a drummer at a hotel had his coat checked, and in some manner the check on the coat was removed. When the owner showed his check and no coat with the number on it could be found, the hotel had to fork over eighteen bright timoneles, which came in pretty handy. An unclaimed coat is still in the coat room and there it will doubtless remain as it has no check on it and no one seems to own it. It would hardly bring \$18 in a pawn shop, however.

A well known local merchant got into the skiff at the park lake several nights ago to enjoy a short ride. The boat had no oars, but a small board used for paddling the craft answered the purpose under the circumstances. The boat is not built like the majority of the skiffs seen in the river and will easily tip over. Had the gentleman known this he would probably not have gotten into it. When he reached the middle of the lake he attempted to make a sharp turn, and the boat tipped water. In attempting to right the craft again it tipped on the other side and filled. Instead of holding on to the sides he jumped out and after a hard struggle, reached shore and struck out through the woods for home. He afterwards explained that he preferred the manner he had adopted because nobody would see him.

The school for profanity is on the levee. Every oath that has ever been sworn can be heard on the levee when the Illinois farmers come down the river with their season's crop of hay and attempt to pull up the levee from the ferryboat. Half the wagons either turn over or the hay spills off the rear end of the wagon. It is not an uncommon sight to see a load of hay overturned and such occurrences in season, are so frequent that a party of "old sports" have formed a club and whenever the boat makes a landing they will always be on hand to bet on the number of wagons that will gain the top of the levee without a spill. It is the only game around the town where everybody stands the same chances of winning and there is no chance for crookedness as they all stand on the top of the hill and bet from a distance. The farmer, however, is the teacher of the school of profanity and the sports are the pupils. When the hay goes over the side the crowd then rushes down and begins to guff the driver, who then starts the lesson, beginning with the rudiments and ending with the choicest obscenity ever heard, read or imagined.

## SUICIDES PLANNED

TWO MEN IN JAIL AT CAIRO THWARTED BY THE SHERIFF.

The suddenness with which Sheriff J. J. Walker took the Brown boys to the county jail there yesterday.

The sheriff did not tell them when they would go, but at 4:30 in the morning they were taken from their cells and driven to the Illinois Central depot, where they took the 5:30 train for Chester. The boys had stated that they would not be taken alive to the penitentiary, but a detachment of police with the deputy sheriffs prevented any trouble.

Later in the day it developed that the boys intended to commit suicide, and were waiting to first bid their folks goodbye. The mother and sister arrived this forenoon, after they were gone. George Darden, the local county murderer, gave Sheriff J. J. Walker the details of their plot. But Darden had sharpened the handle of a razor until it made a first-class knife. With this he cut the rope of his hammock. As soon as they had taken leave of friends Bud was to hang himself. Then Lum was to take the rope and hang himself. A delay of twenty-four hours on the part of Sheriff J. J. Walker would have given them the opportunity they sought. Darden delivered the rope and knife to the sheriff.

Your Wine of Cardui has done a world of good for me. I have used five bottles of the Wine and one package of Theodore's Black Draught. And since I have started to use it I will not be without it in the house. It helped my sister in Toledo, who did not menstruate as she ought. She was sixteen years of age and nothing helped her. I was in a very bad state myself before I used your medicines, but I found relief in three days. And now I feel like a new woman and do all my household work and washing, which I could not do before I took the Wine of Cardui. I would be very glad to write any poor woman and tell her how I suffered before I used Wine of Cardui.

**Women Should Seek Relief.**

The great proportion of women who suffer never make a serious effort to benefit themselves. The most of them go on paying no attention to their little menstrual disorders, believing they will eventually wear off. But menstrual troubles don't wear off. They grow worse and worse every day. At the period of menstruation a woman is peculiarly susceptible to cold and other external influences and it is also the most favorable time for the development of hidden disease germs which may be lurking in the system. Any physician knows that disordered menstruation, falling of the womb and leucorrhoea are blighting lives in almost every home. No woman should neglect herself a moment after she sees indications of female disease. Almost instant relief can be secured by the use of

100 Chicago Street, Fort Wayne, Ind., March 27, 1900.

Your Wine of Cardui has done a world of good for me. I have used five bottles of the Wine and one package of Theodore's Black Draught. And since I have started to use it I will not be without it in the house. It helped my sister in Toledo, who did not menstruate as she ought. She was sixteen years of age and nothing helped her. I was in a very bad state myself before I used your medicines, but I found relief in three days. And now I feel like a new woman and do all my household work and washing, which I could not do before I took the Wine of Cardui. I would be very glad to write any poor woman and tell her how I suffered before I used Wine of Cardui.

Mrs. C. P. BEIGLER.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

**Women Should Seek Relief.**

The great proportion of women who suffer never make a serious effort to benefit themselves. The most of them go on paying no attention to their little menstrual disorders, believing they will eventually wear off. But menstrual troubles don't wear off. They grow worse and worse every day. At the period of menstruation a woman is peculiarly susceptible to cold and other external influences and it is also the most favorable time for the development of hidden disease germs which may be lurking in the system. Any physician knows that disordered menstruation, falling of the womb and leucorrhoea are blighting lives in almost every home. No woman should neglect herself a moment after she sees indications of female disease. Almost instant relief can be secured by the use of

**WINE OF CARDUI**

It will relieve you right in your own home. Will you accept the testimony of Mrs. Beigler and thousands of other women and really seek relief today? All druggists sell \$1.00 bottles of Wine of Cardui.
